

BEAM lamp

TOM CHUNG ON THE DESIGN "The idea for the Beam Lamp came while renovating my childhood home. I had made a shelf to use as divider between the hallway and living room and needed a lamp that could at once throw light out into the living room and down the hallway. The Beam Lamp mimics a single ray of light that travels through a round tube with its dimmer allowing the user to change the volume of light omitted from both ends of the cylinder shape. Tweak the design to your personal needs through its rotating base and sleek body of anodized aluminum, whether it be as direct lighting or for an ambient glow. **Material:** Body in anodized aluminum for a matte feel and vibrant look. Cord in PVC. It has build-in energy efficient LED bulb with a Lumen Maintenance (Lifetime) of L90 B10 35.000 hours.

Brand: **MUUTO**
Item type: Lamp
Item code: 12124
Designer: Tom Chung
Color: Aluminum
Dimension: 18.7 x 26.2cm
