

Grain

The traditional pendant silhouette receives a poetic reinterpretation with the Grain Lamp. Simple and elegant, the lamp has small grains of fiber in its surface, creating a subtle texture and change in the diffusion of light. The pendant includes an LED lightbulb that lasts for up to 10,000 hours and provides a warm, natural glow. Lamp Shade in mixture of bamboo fibers and polypropylene. Rubber cord. The lamp's shade is made under high pressure casting. Shade and electrical components are hereafter assembled by hand.
