

Cover Chair

Hinting towards archetypical designs and Scandinavian traditions, the Cover Chair is a sophisticated take on a timeless form. With a sturdy beech wood frame and ingenious curved backrest that stretches into armrests, Cover is appealing on its own as a statement chair or as a set in a professional or private setting. The Cover Chair is made from all wood (PU lacquered oak) and no metal. The wood is folded over the chairs legs and back rest. This technical innovation of the wood layering locks the chair together. Upholstered versions with textiles from Kvadrat or silk leather.
