

Fiber Side Chair

The simple design of the Fiber Side Chair makes it a modern addition to any space, whether it being a conference gathering or dining setting. The α-base variant is stackable and comes with linking devices as well as a trolley. The Fiber Side Chair with α-base is a made-to-order product. Please contact your nearest store or Muuto contract representative for more information. Shell consists of an innovative composition with plastic and up to 25% wood fibers. Remix textile from Kvadrat. The wood fiber and plastic blend is injected into the mold, forming the chair's shell. The base is chromed steel tube (chrome III).
