

Q Wood Swivel Armchair

The winner of the Red Dot 2020 award, this armchair features the innovative, eco-friendly Aquaclean® fabric, which can be cleaned using nothing but water and contains no PFCs, substances which pollute the environment and are harmful to our health. The structure of the chair is designed to facilitate cleaning and boost strength, reducing the risk of accidental tearing. It's also undergone Safe Front treatment, which prevents the spread of bacteria and dust mites.
