

Enfold Sideboard Low

Bringing the industrial elements of factories into the home is the Enfold Sideboard. Made from a lacquered steel that gently enfolds the top and bottom in solid oak, the Enfold Sideboard fuses cold and warm materials for a unique expression. The design comes in two sizes: one vertical, one horizontal, both with a set of adjustable shelves—the horizontal has two shelves that can be placed across five different levels while the vertical has a single shelf to be placed across three different levels.
