

### **Ananta Class**

Ananta Class is an informal and versatile modular range that allows endless combinations of the independent backrests and bases available in 80, 120, 160, 200 and 240 cm lengths. The collection, whose very name evokes the idea of infinity, is based on the idea of simplified construction: free from the constraints of armrests and backrests, the seating can be arranged to suit individual needs. It is completed with a side table available in two sizes. The black chrome rest holds up a table top available either in walnut veneer or regenerated leather. The line offers a new, individualistic, modern way of shaping things to fit people's needs. Fully removable covers.
