

Gee-A

Geena is Kartell's reading lamp, supplementing the brand's lighting range with a product designed for this specific purpose. The simple lines conceal a real sense of attitude, while the clean shape has a familiar yet intriguing effect. The piece consists of a base, a lightshade, three LED bulbs, a stem and a handle for easy transportation, while three matt-finish colours are available: white, black and brick. This is a simple lamp, just as reading is one of life's simple pleasures.
