

Moon 2 Seater sofa

The outdoor two-seat sofa Moon was born looking at the moon. Its backrest, in fact, recalls the shape of a half moon. Lightness in the ropes braiding and the practicality of the aluminium structure are the characteristics of this sofa designed by Cristian Visentin. The structure is in aluminium covered with a braiding of ropes in a synthetic fabric. Cushions with a removable fabric, easy to wash and resistant to weather resistant. Quick dry foam padding.

Brand: **Talenti Outdoor**
Item type: Sofa
Item code: MONALUDIV-G
