

New York Suite

The new New York collection designs by Sergio Bicego still retain a contemporary soul and timeless spirit. The quilted cushions hint at a retro elegance and a nostalgic atmosphere yet the whole design is futuristic. At the same time the metropolitan allure is heightened by the hexagonal shape of the frame resting on slim steel rod feet with the option of customization with a black chrome, gloss chrome or white coated finish. New York suite is soft and welcoming also in the smaller versions such as the maxi lounge chair and the 155 cm sofa which seats two people comfortably and is particularly interesting for contract projects.
