

BUTTERFLY

The bent plywood modular frame of the coffee table Butterfly, which reproduces the elegant beauty of the shape of a butterfly, made as light as possible and reinforced in its key angular points, turns Alexander Taylor's design into a complete example of functional sculpture – though the author usually dealt with the simplification of the mass product. Bent plywood frame, veneered with natural or wengé-stained, white or black painted oak. Top in tempered plate glass.

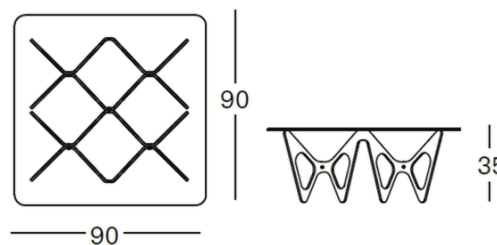

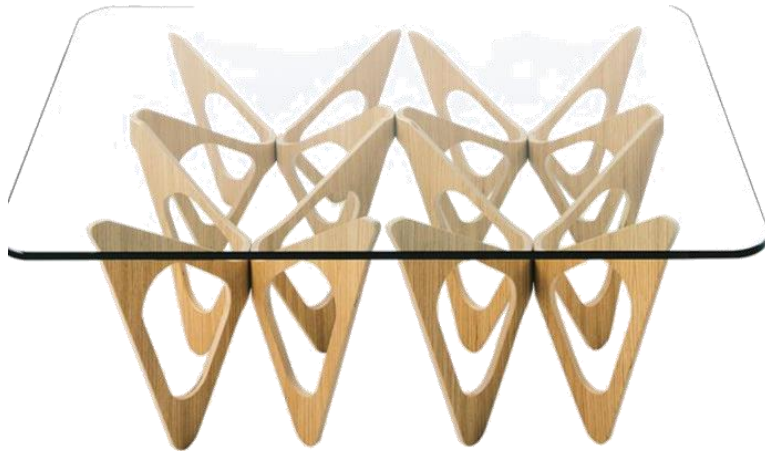

Brand: **Zanotta, Made in Italy**

Item type: Coffee table

Item code: V0695/NAT/OAK

Designer: Alexander Taylor

Dimension: 90 x 90 x 35 cm
